RECYCLE YOUR ELECTRICAL EQUIPMENT!

Wherever practical, old electrical waste should not be disposed of with your household waste. Take it to a recycling centre run by your local council.

To find out where this is, make a note of your post-code and log onto: www.recycle-more.co.uk or text 'waste' or 'elec' to 60060 (texts cost 50p plus standard network charge).

You can also call the recycling Customer Services helpline on their freefone number, 0800 123 4567.

All new electrical equipment is now marked with the crossed-out wheelie-bin symbol to remind you of the importance of recycling.
